Salon ERP – User Manual

This manual explains how to use the Salon ERP system for day-to-day operations.

Table of Contents

1. Getting Started
2. Roles and What You Can Do
3. Your Dashboard
4. Common Tasks
5. Menu Reference
6. Tips and Shortcuts

---

1. Getting Started

Logging In

1. Open the Salon ERP app in your browser (URL provided by your administrator).
2. Enter your **username** (or email) and **password**.
3. Click **Login**.
4. You will be taken to your **Dashboard** based on your role.

Use the **eye icon** next to the password field to show or hide the password.

Logging Out

Click your **name or avatar** in the top-right corner → choose **Logout**.

First Time?

Ask your admin for:

- Your **username** and **password**
- Your **branch** (if you are Manager, Cashier, or Employee)

---

2. Roles and What You Can Do

Feature	Owner	Manager	Cashier	Employee
Dashboard	✓	✓	✓	✓ (own only)
Customers – view, add	✓	✓	✓	–
Customers – edit	✓	✓	–	–
Billing – create bills	✓	✓	✓	–
Billing – edit/cancel bills	✓	✓	–	–
Services – manage	✓	✓	view only	–
Packages – manage	✓	✓	view only	–
Products & Inventory	✓	✓	–	–
Stock Transfers	✓	✓	–	–
Reports	✓	✓	daily sales	–
Cash Drawer (reconciliation)	✓	✓	✓	–
Staff – manage	✓	✓	–	–
Branches – manage	✓	–	–	–
Settings	✓	–	–	–

- **Owner** – Full access; can manage branches and system settings.
- **Manager** – Full access for their branch (customers, bills, services, staff, inventory, reports).
- **Cashier** – Create bills, add customers, cash reconciliation; cannot edit services or inventory.
- **Employee** – View own dashboard (services done, stars, attendance, performance).

---

3. Your Dashboard

After login you see a **dashboard** tailored to your role.

- **Owner/Developer** – Revenue, bill count, customers, average bill value; low stock alerts; quick links.
- **Manager** – Today's revenue, staff present, customers, pending bills; low stock; top performers; quick actions (Create Bill, View Customers).
- **Cashier** – Today's sales, bills, pending bills; payment breakdown (Cash/Card/UPI); recent bills; Add Customer, Cash Reconciliation.

- **Employee** – Today's services and stars; monthly performance (services, stars, revenue, attendance, bonus); today's services list; attendance progress.

Use the **sidebar** on the left to open any menu you have access to.

---

4. Common Tasks

4.1 Add a New Customer

Who: Owner, Manager, Cashier (Cashier can only add; Manager/Owner can also edit).

1. Click **Customers** in the sidebar.
2. Click **Add Customer**.
3. Enter at least **Name** and **Phone**. Optionally add email, gender, age, address, notes.
4. Click **Create**.

To **edit** a customer: open Customers → click the **pencil (Edit)** on the row. Only Owner and Manager can edit.

4.2 Create a Bill

Who: Owner, Manager, Cashier.

1. Click **Billing** in the sidebar.
2. Click **Current Bill** (today's date) or **Previous Bill** (to choose a past date).
3. **Select customer** – Start typing the customer name; pick from the list. If the customer is new, add them from **Customers** first.
4. **Select branch** – Auto-filled for Manager/Cashier; Owner must choose the branch.
5. **Add items** using the three tabs:
    - **Services** – Click a service → set price/quantity and assign **Employee** → **Add to Cart**.
    - **Packages** – Click a package → assign employees to each service in the package → **Add to Cart**.
    - **Products** – Click a product → set price and quantity → **Add to Cart**.
6. In the **cart** (right side):
    - Edit an item with the **pencil** (price, quantity, discount, employee).
    - Remove an item with the **X**.
7. **Discount** – Use **Bill Discount %** in the checkout area if needed.
8. **Payments** – Add one or more payments (Cash / Card / UPI). Use **Set Full Amount** to fill the remaining balance. Total payments must equal the bill total.
9. Add **Notes** if needed.
10. Click **Complete Bill**.

You will see a success message and can open the bill from the Billing list.

4.3 View or Print a Bill

1. Go to **Billing**.
2. Use **Search** to find by bill number or customer name.
3. Click **View** on the row.
4. On the bill detail page, click **Print** to open the print dialog for a receipt.

4.4 Cash Reconciliation (Cash Drawer)

Who: Owner, Manager, Cashier.

1. Click **Cash Drawer** (or **Cash Reconciliation**) in the sidebar.
2. You will see the **expected cash** (and optionally card/UPI) for the day based on payments.
3. Enter the **actual cash** counted in the drawer.
4. Complete the reconciliation as per your branch policy (e.g. confirm/save). The screen may show difference (shortage/excess) if any.

Use this at shift end or day end to match physical cash with system totals.

4.5 Add or Edit a Service

Who: Owner, Manager.

1. Click **Services** in the sidebar.
2. **Categories first** – If needed, click **Add Category**, enter name (and branch if required), then Create.
3. Click **Add Service** (or **Add** for a new service).
4. Enter **Service Name**, **Category**, **Price**. Optionally: **Duration** (minutes), **Star Points**, **Description**, and set **Active**.
5. Click **Create** (or **Update** when editing).

To **edit**: click the **pencil** on the service row → change fields → **Update**. Set **Inactive** to hide from billing without deleting.

4.6 Add or Edit a Package

Who: Owner, Manager.

1. Click **Packages** in the sidebar.
2. Click **Add Package**.
3. Enter **Package Name**, **Package Price**, and optionally **Description**, **Validity Days**.

4. In **Add Service**, select one or more services and set **Quantity** for each. The screen shows individual total vs package price (savings).
5. Click **Create**.

To **edit**: click the **pencil** on the package → change details or services → **Update**.

4.7 Manage Products and Stock

Who: Owner, Manager.

- **Products** – **Inventory → Products**. **Add Product** to create (name, category, selling price, cost, reorder level, etc.). Use **pencil** to edit, **trash** to delete (Owner only).
- **Stock levels** – **Inventory → Stock Levels**. Choose **Location** to see stock. Use **Adjust Stock** to add or remove quantity (e.g. after physical count or wastage).
- **Stock transfers** – **Inventory → Stock Transfers**. Create a transfer (From location → To location, add products and quantities). **Approve** pending transfers to move stock.

4.8 Add or Edit Staff

Who: Owner, Manager (deactivate: Owner only).

1. Click **Staff** in the sidebar.
2. Click **Add User**.
3. Enter **Full Name**, **Email**, **Username**, **Password**, **Role**, and **Branch** (for Manager/Cashier/Employee).
4. Click **Create**.

To **edit**: click the **pencil** on the row → change details (leave password blank to keep current) → **Update**.
To **deactivate** a user, use **Delete** (Owner only; they can no longer log in).

4.9 Manage Branches

Who: Owner only.

1. Click **Branches** in the sidebar.
2. Click **Add Branch**.
3. Enter **Branch Name**, **Code** (unique, e.g. SB001), and optionally address, city, state, pincode, phone, email, manager.
4. Click **Create**.

To **edit**: click the **pencil** on the branch row → **Update**.

4.10 Reports

Who: Owner, Manager (full reports); Cashier (e.g. daily sales).

1. Click **Reports** in the sidebar.
2. Choose the report or date range as shown (e.g. dashboard stats, sales, customer, or product reports).
3. Use **Export** (CSV/Excel/PDF) if available to download data.

4.11 Settings

Who: Owner only.

1. Click **Settings** in the sidebar.
2. Adjust system settings (e.g. tax rate, bill prefix, low stock threshold, working hours, star points conversion) as described on the page.
3. Save changes where applicable.

---

5. Menu Reference

Menu Item	What It Does
Dashboard	Role-based overview (revenue, bills, customers, alerts).
Customers	List, add, edit customers; view customer detail and bill history.
Billing	List bills, create new bill (current/previous), view/print bill.
Services	Manage service categories and services (name, price, duration, stars).
Packages	Manage packages (bundle of services at a package price).
Inventory	**Products** – product catalog; **Stock Levels** – view/adjust stock; **Stock Transfers** – create/approve transfers.
Reports	Analytics and reports (sales, customers, products, etc.).
Cash Drawer	Cash reconciliation (match actual cash with system).
Staff	List, add, edit, deactivate users (by role).
Staff Performance	Employee performance metrics (Owner view).
Branches	Add and edit branches (Owner only).
Settings	System settings (Owner only).

Your sidebar shows only the menus your role can use.

---

6. Tips and Shortcuts

- **Search** – Use the search box on Customers and Billing to find by name, phone, or bill number quickly.
- **Bills** – Create the customer first if they are new; then create the bill and select them.
- **Discounts** – You can set discount per item (in cart/edit) and/or a bill-level discount %.
- **Payments** – You can split a bill across Cash, Card, and UPI; total must equal the bill amount.
- **Low stock** – Dashboard and Inventory show low stock alerts; adjust stock or create transfers as needed.
- **Print bill** – Open the bill from Billing → View → **Print** for a receipt.
- **Logout** – Always log out when leaving a shared computer (avatar → Logout).
